Company agrees that Superna and

its Affiliates shall be free to use, disclose, reproduce, license or otherwise distribute, and exploit the Feedback as it sees fit, entirely without obligation or restriction of any kind on account of intellectual property rights or otherwise.

4. *Ownership; Prerequisites; Third Party Code:*

4.1 The Licensed Product is the proprietary property of Superna or its licensors and is protected by the copyright and trademark law of the U.S., international treaties and other applicable laws. Superna, its Affiliates and licensors retain any and all right, title and interest in and to the Licensed Product, including in all copies, improvements, enhancements, modifications and derivative works of the Licensed Product. Company's rights to use the Licensed Product shall be limited to those expressly granted in Section 3.1. All rights not expressly granted to Company are retained by Superna, its Affiliates or its licensors.

4.2 Superna shall identify a list of prerequisite hardware and software required for installation and use of the Licensed Program ("**Prerequisites**"). Company shall be responsible for acquiring, or authorizing Superna to acquire on Company's behalf, all Prerequisites prior to installation and use of the Licensed Program. Superna shall not be a party to any software or other license agreement associated with the Prerequisites whether or not downloaded or installed by

Superna personnel on Company's behalf. Notwithstanding anything to the contrary in this License Agreement, Superna makes no warranty of any kind with regard to the Prerequisites.

4.3 Superna shall identify a list of Third Party Code contained within the Licensed Program located [here](#) and all such Third Party Code shall be subject to the license terms set forth therein. Superna shall not be a party to any software or other license agreement associated with Company's use of the Third Party Code. Notwithstanding anything to the contrary in this License Agreement, Superna makes no warranty of any kind with regard to the Third Party Code.

5. *Term and Termination:*

5.1 The term of this License Agreement shall be for a period commencing upon the Effective Date and continuing until such time as Company discontinues use of the Licensed Product on the Computer System or this License Agreement is terminated in accordance with Section 5.2 (the "**Term**").

5.2 Superna shall have the right to terminate Company's license to use the Licensed Product if Company fails to pay any required Fees or otherwise fails to comply with the terms and conditions set forth herein (each a "**Default**"). In the event that a Default is not payment-related,

Superna shall give written notice to Company of such Default. If the Default has not been remedied within thirty (30) days after such notice, the license granted hereunder and any access to Maintenance and Technical Support Services shall terminate. In the event that Company has failed to pay any required License Fee, whether an initial license Fee or a Fee for Optional Features, or any Services, Superna shall give written notice to Company of such Default. If the Default has not been remedied in full within five (5) days of such notice, all licenses granted hereunder, and all entitlement to access Optional Features and the Services are hereby automatically revoked without further notice.

5.3 Company agrees, upon termination of this License Agreement for any reason, to immediately return or destroy the Licensed Product and copies thereof as directed by Superna and, if requested by Superna, to provide written certification of the destruction or return thereof.

5.4 Sections 2.1, 3.3, 3.4, 4.1, 5.3, 5.4, 7.2, 8.9, 10, 11, 12, 13.3, 13.4, 13.10, 13.11 and 13.16 of this License Agreement, and Sections 4 and 6 of Exhibit B hereto, shall survive the expiration or termination of Company's license and this License Agreement.

6. Warranty:

6.1 Superna warrants that:

a) for a period of ninety (90) days following the Effective Date (the “**Program Warranty Period**”) that the Licensed Program will substantially conform to the specifications in the Documentation, including any known bugs or defects, when used in accordance with the Documentation; and

b) during the Initial Support Period, as defined in Section 9.1, and any renewal Maintenance and Technical Support Period, as applicable (the “**Maintenance and Technical Support Warranty Period**”), Maintenance and Technical Support Services shall be performed in a reasonable and workmanlike manner, consistent with generally accepted industry standards.

6.2 The Documentation is provided “as is” with no warranties of any kind.

6.3 Company’s exclusive remedy for any breach of the warranties contained in Section 6.1 during the Program Warranty Period or Maintenance and Technical Support Warranty Period, as applicable, is for Superna, at its expense, to use commercially reasonable efforts to: (a) replace or repair the Licensed Program; or (b) re-perform the Maintenance and Technical Support Services. Company must notify Superna in writing of any such non-compliance with these warranties within the applicable Warranty Period.

6.4 In the event Superna is unable, after using commercially reasonable efforts, to remedy the non-compliance with a warranty set forth in Section 6.1(a) or 6.1(b) after receipt of notification from Company during the applicable Warranty Period, Company's sole and exclusive remedy shall be: for Section 6.1(a), to return the Licensed Product, terminate Company's rights under this License Agreement and receive a pro-rata refund of payments actually received by Superna from Company for the Licensed Product (or the Optional Feature, if applicable) which is the subject of the warranty claim; and, for Section 6.1(b), to receive a pro-rata refund of fees actually paid by Company for the deficient Maintenance and Technical Support Services.

6.5 Any modification or attempted modification of the Licensed Product by Company, any failure by Company to implement any Update or Upgrade to the Licensed Product as supplied by Superna, or any use of the Licensed Product not in compliance with the specifications set forth in the Documentation, shall void the limited warranties set forth in Section 6.1.

6.6 EXCEPT AS OTHERWISE PROVIDED IN THIS SECTION 6:

a) SUPERNA, ITS AFFILIATES, LICENSORS AND RESELLERS EXPRESSLY DISCLAIM ALL WARRANTIES OF ANY KIND, WHETHER EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTIES OF

MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE AND NON-INFRINGEMENT AS WELL AS ALL WARRANTIES ARISING BY USAGE OF TRADE, COURSE OF DEALING OR COURSE OF PERFORMANCE TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW;

b) SUPERNA, ITS AFFILIATES, LICENSORS AND RESELLERS, MAKE NO WARRANTY THAT THE LICENSED PRODUCT AND/OR MAINTENANCE AND TECHNICAL SUPPORT SERVICES WILL MEET COMPANY'S REQUIREMENTS, THAT THE LICENSED PRODUCT AND/OR MAINTENANCE AND TECHNICAL SUPPORT SERVICES WILL BE UNINTERRUPTED, TIMELY, SECURE, OR ERROR FREE, THAT ANY PRODUCT DATA OR USAGE DATA STORED BY SUPERNA WILL BE SECURE FROM ALL POSSIBLE THREATS, ACCURATE OR RELIABLE, THAT ERRORS OR DEFECTS IN THE LICENSED PROGRAM WILL BE CORRECTED, OR THAT THE LICENSED PRODUCT OR MAINTENANCE AND TECHNICAL SUPPORT SERVICES WILL BE FREE OF ALL POSSIBLE VIRUSES OR OTHER HARMFUL CODE; NOR DOES SUPERNA MAKE ANY WARRANTY AS TO THE RESULTS THAT MAY BE OBTAINED FROM THE USE OF THE LICENSED PRODUCT AND/OR MAINTENANCE AND TECHNICAL SUPPORT SERVICES, TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW; AND

c) NEITHER SUPERNA, NOR ITS AFFILIATES, LICENSORS OR RESELLERS MAKE ANY WARRANTY THAT THE LICENSED PRODUCT OR THE MAINTENANCE AND

TECHNICAL SUPPORT SERVICES WILL: (i) DETECT OR PREVENT ANY OR ALL MALICIOUS CODE OR THAT USE OF THE LICENSED PROGRAM AND RELATED UPDATES OR UPGRADES WILL KEEP COMPANY'S NETWORK OR COMPUTER SYSTEMS FREE FROM VIRUSES OR OTHER MALICIOUS OR UNWANTED CONTENT OR SAFE FROM INTRUSIONS OR OTHER SECURITY BREACHES; or (ii) NOT RESULT IN DAMAGE TO COPIED FILES, ERRORS IN COPIED DATA OR THAT DATA WILL BE COPIED OR SAVED AT ANY PARTICULAR SPEED.

7. Mutual Indemnification:

7.1 Superna shall defend Company against any claim, demand, suit, or proceeding made or brought against Company by a third party alleging that the use of the Licensed Program or a Deliverable, as defined in Exhibit B, Section 1.1, as permitted hereunder, infringes or misappropriates the copyright or Canadian or U.S. patent rights of a third party (a "**Claim Against Company**"), and shall indemnify Company for any damages, attorneys' fees and costs finally awarded against Company as a result of, and for amounts paid by Company under a court approved settlement of, a Claim Against Company; provided, however, that Company shall: (a) promptly give Superna written notice of the Claim Against Company; (b) give Superna sole control of the defense and settlement of the Claim Against Company (provided that Superna may not settle any Claim Against Company unless the

settlement unconditionally releases Company of all liability); and (c) provide to Superna all reasonable assistance, at Superna's expense. In the event of a Claim Against Company, or if Superna reasonably believes the Licensed Program may infringe, Superna may in its discretion and at no cost to Company: (i) modify the Licensed Program or Deliverable so that it no longer infringes, without breaching its warranties under Section 6.1 above, or Exhibit B, Section 5.1(a), as applicable, (ii) obtain a license for Company's continued use of the Licensed Program or the Deliverables, or (iii) terminate Company's license for such Licensed Programs or Deliverables upon ten (10) days' written notice and refund payments actually received by Superna from Company for the Licensed Product or Deliverable which is the subject of the infringement claim. Superna shall have no indemnification obligation for any claim to the extent based upon the following: (a) Company's use of the Licensed Program or Deliverable in combination with other items when such infringement would not have occurred from the use of the Licensed Program or Deliverable solely for the purpose for which they were designed or sold by Superna; (b) modifications to the Licensed Program or Deliverable not authorized in writing by Superna; or (c) Company's continued use of the Licensed Program or Deliverable following notification to suspend use due to a claim or threat of a claim.

7.2. Company shall defend Superna, and its Affiliates, licensors and resellers (each a "**Superna Indemnitee**"), against any claim, demand, suit or proceeding made or brought against such Superna Indemnitee by a third party: (i) alleging that Company's use of the Licensed

Programs, Services or Deliverables in breach of this License Agreement or otherwise not in compliance with the Documentation or Service Description, infringes or misappropriates the intellectual property rights of a third party or violates applicable law, or (ii) that otherwise relates to a breach by Company of this License Agreement (a "**Claim Against Superna**"), and shall indemnify the Superna Indemnitees for any damages, attorneys' fees and costs finally awarded against each such Superna Indemnitee as a result of, or for any amounts paid by a Superna Indemnitee under a court-approved settlement of a Claim Against Superna; provided that Superna (a) promptly gives Company written notice of the Claim Against Superna; (b) gives Company sole control of the defense and settlement of the Claim Against Superna (provided that Company may not settle any Claim Against Superna unless the settlement unconditionally releases the Superna Indemnitee of all liability); and (c) provides to Company all reasonable assistance, at Company's expense. Company shall have no indemnification obligation for any claim to the extent based upon the gross negligence or willful misconduct of a Superna Indemnitee.

7.3 If at any time during the Term, Company has actual knowledge of any infringement of, litigation instituted with respect to, or challenge to the Licensed Product, including any Optional Feature, or Services, or any component thereof, or any Deliverable, or any Superna trademark, Company shall immediately notify Superna in writing.

Additionally, in such event, Company shall immediately furnish to Superna copies of any correspondence, notices, complaints, legal

documents, or other written materials relating such alleged infringement, litigation or challenge which it may have in its possession.

7.4 This Section 7 (Mutual Indemnification) states the indemnifying party's sole liability to, and the indemnified party's exclusive remedy against, the other party for any type of claim described in this Section 7.

8. Limitations of Licensed Program and Optional Features:

8.1 Company acknowledges that the Licensed Program is not intended to replace the professional skills and judgment of Company and its personnel or replace any data backup plans or solutions.

Neither Company nor its personnel will rely on the Licensed Program, the Documentation or any Services as a substitute for such professional skills and judgment. Company agrees to regularly backup Company data and Computer Systems in accordance with generally accepted practices.

8.2 Company acknowledges that Company, in its sole discretion, shall be responsible for Computer System design.

8.3 Company acknowledges that any network or the Internet may not be reliable and, accordingly, copied files may be damaged when transmitted over such systems.

8.4 Certain Licensed Programs are made available for one (1) or more specific Designated Storage Media. Superna reserves the right to charge a fee for implementation of a new Designated Storage Medium requested by Company.

8.5 A Designated Storage Medium may not store copied files correctly and the Licensed Product, and Superna personnel in its performance of any Services, may fail to detect such improper storage. Customer is solely responsible for the functioning of all Designated Storage Media.

8.6 Superna can make no guarantee with respect to the speed of copying to Designated Storage Media undertaken by the Company using the Licensed Program.

8.7 With respect to use of the Licensed Program in connection with High Risk Systems, Company acknowledges that only Company has the necessary risk assessment information to create and implement back-up plans and other safeguards in the event of an Error or misuse of the Licensed Program or Services by Company. Accordingly, all such planning and implementation is the sole responsibility of Company and its personnel. Company acknowledges that it will not use the Licensed Program for back-up of such High Risk Systems or critical data. Company shall also be responsible for the continued

operation and maintenance of the Computer System, the Prerequisites, and any Designated Storage Media and any Devices monitored by a Licensed Program.

8.8 Company agrees to regularly backup Company data and Computer Systems on separate media and in accordance with generally accepted practices. Company acknowledges that any failure to back-up data and Computer Systems may cause Company to lose data in the event of an error in or other failure of the Licensed Program or any Superna service. Since only Company, not Superna, can know the value of Company Computer Systems and data, only Company can plan and implement backup plans and safeguards appropriate to Company's needs in the event of an Error or other failure of the Licensed Program, or if the Maintenance and Technical Support Services cause Computer System problems or data loss.

8.9 Company agrees that it is solely responsible for the design, repair and configuration of Company's Computer Systems, Devices, and the planning and implementation of and compliance with Company's procedures and protocols for disaster recovery and other risks associated with the Computer System and Devices monitored.

Company assumes all risks and liability for results obtained by the use of the Licensed Program and/or implementation of plans or procedures that are in any way influenced by the use of the Licensed Product. Company shall protect, indemnify, hold harmless and defend Superna and its Affiliates, licensors and resellers, of and from any loss, cost, damage or expense, including attorneys' fees, arising from any claim asserted against Superna, or its Affiliates, licensors

and resellers, that is in any way associated with the matters set forth in Sections 8.1 through 8.9.

8.10 In order to utilize the Optional Features, Company agrees to install all Upgrades and otherwise comply with applicable Documentation for the Licensed Program and such Optional Features, at all times. All Documentation is provided “as is” and “as available.” Superna cannot guarantee that it is correct or up to date. Company acknowledges that the Optional Features require computing resources set forth in the Documentation in order to support the Authorized Use Limitation. If Company commits insufficient compute, memory and disk resources, or fails to install any Prerequisites, this may result in: (a) loss of entitlement to Maintenance and Technical Support Services; and (2) unpredicted response times and software behaviors; and (3) voiding of the warranties set forth in Section 6.1(a). Company must routinely install Updates and follow any updates to the Licensed Program for the Optional Features to operate effectively.

8.11 Superna reserves the right, periodically and at any time, to modify or discontinue, temporarily or permanently, functions and features of the Licensed Program in future releases, with notice posted to <https://manuals.supernaeyeglass.com/> or through a Product Notification. You acknowledge and agree that Superna shall have no liability to you for any interruption, modification or discontinuation of any feature of the Licensed Program or change to these terms. You understand and agree that Superna has no obligation to provide Updates or Upgrades to the Licensed Program.

9. Maintenance and Technical Support Services:

9.1 Ordering: The Order Email sets forth the initial Maintenance and Technical Support Services entitlement period for the Licensed Product (“Initial Support Period”). In the event that Company fails to activate the Program and Maintenance and Technical Support Services within six (6) months of the date of the Order Email, or allows a lapse in Maintenance and Technical Support Services for any period of time, Customer’s entitlement to Maintenance and Technical Support Services shall terminate. During any such period, Superna may, in its sole discretion, elect to provide Company limited Technical Support Services on an “as is” basis with no service level commitment and no access to those Maintenance and Technical Support Services described in Section 9.2. In the event of any failure to activate the Licensed Program, in accordance with Section 2.3, or lapse of Maintenance and Technical Support Services as contemplated by this Section 9.1, Superna may require Company to acquire any Update or Upgrade by paying the then-current Licensed Program Fee for including Maintenance and Technical Support Services. Upon receipt of such payment, Superna will issue a new license key for the Licensed Program Maintenance and Technical Support Services to Company which will include the Authorized Use Limitation and the Maintenance and Technical Support Services entitlement period.

9.2 Upgrades and Updates: If Company maintains Maintenance and Technical Support Services during the Term, Superna will provide

Company with access to Upgrades and Updates, if any, and appropriate Documentation, for installation by Company.

Documentation may include release notes that provide additional information and provisional solutions to reported Errors with the Licensed Program.

9.3 Technical Support Services: Technical Support Services shall consist of technical support to be rendered in the English language by Superna as described in Exhibit A and the Documentation (“**Technical Support Services**”). This metadata is a subset of System Data and, accordingly, will be subject to the terms and conditions of Section 11.1.

11.3 Company grants to Superna and its Affiliates a non-exclusive, irrevocable, royalty-free, worldwide license, with right to sublicense, to use, analyze, copy, make, sell, modify and enhance Product Data and Usage Data: (a) to the extent that such license is required to enable Superna to perform the Services; and (b) in de-identified, aggregated form for statistical purposes; and (c) to enhance and extend the functionality of the Licensed Product or the Services.

SUPERNA DISCLAIMS ANY AND ALL LIABILITY FOR DAMAGES ASSOCIATED WITH THE USE OF THE LICENSED PROGRAM, THE SERVICES OR THE DELIVERABLES IN CONNECTION WITH A HIGH RISK SYSTEM.

13. *General:*

13.1. **Export:** Company acknowledges that the Licensed Product provided hereunder may be subject to export controls. Company agrees that any Licensed Product licensed hereunder will not be exported (or re-exported from the country where it was first installed), directly or indirectly, separately or as part of a system, without Company, at its own cost, first obtaining all necessary licenses from the United States Department of Commerce and any other appropriate agency of the United States or other government as may be required by law. Company acknowledges that it shall be solely responsible for determining the extent of any such licenses required, and for any costs associated with complying with the requirements of this Section 13.1.

13.2. **U.S. Federal Government End Use Provisions:** Superna provides the Licensed Product for ultimate U.S. federal government end use solely in accordance with the following: Government technical data and software rights related to the Services include only those rights customarily provided to the public as defined in this License Agreement. This customary commercial license is provided in accordance with FAR 12.211 (Technical Data) and FAR 12.212 (Software) and, for Department of Defense transactions, DFAR 252.227-7015 (Technical Data - Commercial Items) and DFAR 227.7202-3 (Rights in Commercial Computer Software or Computer Software Documentation). If a government agency has a need for

rights not conveyed under these terms, it must negotiate with Superna to determine if there are acceptable terms for transferring such rights, and a mutually acceptable written addendum specifically conveying such rights must be included in any applicable contract or agreement.

13.3. Audit: Superna shall have the right, during the Term and for a period of one (1) year thereafter, during regular business hours and with ten (10) business days' notice, to audit Company's compliance with the Authorized Use Limitation and usage of the Licensed Product (but only to the extent required to determine that Company's use of the Licensed Product is consistent with the uses permitted under this License Agreement), and Company shall permit Superna to have access to such properties, records and personnel of Company as Company may reasonably require for such purpose. Superna may exercise this right once in any twelve (12) month period unless there is a reasonable and substantiated belief that Company has breached a material provision of this License Agreement. The audit will be conducted by Superna or its authorized representatives. Company agrees that Superna shall have the right, upon discovering a violation of any Authorized Use Limitation or other material provision hereof, to terminate this License Agreement.

13.4 Notice: Except as otherwise set forth herein, any notice required or permitted under the terms of this License Agreement or required by law must be in writing and must be delivered (a) in person, (b) by first class registered mail, or air mail, as appropriate, posted and fully

prepaid to the appropriate address set forth in the preamble to this License Agreement or the Order Email, as applicable, or (c) via facsimile. Notices will be considered to have been given at the time of actual delivery in person, four (4) business days after deposit in the mail as set forth above, or upon receipt of facsimile confirmation. Either party may change its address for notice by notice to the other party given in accordance with this Section 13.4.

13.5 Assignment: Company may not assign any of its obligations, rights or remedies hereunder without prior written permission from Superna. Any attempted assignment in violation of this provision shall be null and void.

13.6 Waiver: Any waiver of the provisions of this License Agreement or of a party's rights or remedies under this License Agreement must be in writing to be effective. Failure, neglect, or delay by a party to enforce the provisions of this License Agreement or its rights or remedies at any time, will not be construed as a waiver of such party's rights under this License Agreement and will not in any way affect the validity of the whole or any part of this License Agreement or prejudice such party's right to take subsequent action. No exercise or enforcement by either party of any right or remedy under this License Agreement will preclude the enforcement by such party of any other right or remedy under this License Agreement or that such party is entitled by law to enforce.

13.7 Independent Contractors: It is expressly agreed that the parties are acting hereunder as independent contractors. Neither party will be deemed to be an employee, agent, partner, franchisor, franchisee nor legal representative of the other for any purpose, and neither party will have any right, power or authority to create any obligation or responsibility on behalf of the other.

13.8 Force Majeure: UNDER NO CIRCUMSTANCES SHALL SUPERNA BE HELD LIABLE FOR ANY DELAY OR FAILURE IN PERFORMANCE RESULTING DIRECTLY OR INDIRECTLY FROM ACTS OF NATURE, FORCES OR CAUSES BEYOND ITS REASONABLE CONTROL, INCLUDING, WITHOUT LIMITATION, INTERNET FAILURES, COMPUTER EQUIPMENT FAILURES, TELECOMMUNICATION EQUIPMENT FAILURES, OTHER EQUIPMENT FAILURES, ELECTRICAL POWER FAILURES, STRIKES, LABOUR DISPUTES, RIOTS, INSURRECTIONS, CIVIL DISTURBANCES, SHORTAGES OF LABOUR OR MATERIALS, FIRES, FLOOD, STORMS, EXPLOSIONS, ACTS OF GOD, WAR, GOVERNMENTAL ACTIONS, ORDERS OF DOMESTIC OR FOREIGN COURTS OR TRIBUNALS, NON-PERFORMANCE OF THIRD PARTIES, OR LOSS OF OR FLUCTUATIONS IN HEAT, LIGHT OR AIR-CONDITIONING.

13.9 Severability. If any provision, or portion thereof, of this License Agreement is found to be invalid, unlawful or unenforceable to any extent, such provision of this License Agreement will be enforced to the maximum extent permissible by applicable law so as to affect the

intent of the parties, and the remainder of this License Agreement will continue in full force and effect. The parties will negotiate in good faith an enforceable substitute provision for any invalid or unenforceable provision that most nearly achieves the intent and economic effect of such provision.

13.10 Equitable Relief: The obligations of Company under Sections 3.3, 8 and 10 hereof are of a special and unique character which gives them a peculiar value to Superna and its Affiliates, licensors and resellers for which neither Superna nor these third parties can be reasonably or adequately compensated in damages in the event Company breaches such obligations. Therefore, Superna and its Affiliates, licensors and resellers, in addition to other remedies which may be available, shall each be entitled to injunctive and other equitable relief in the event of the breach or threatened breach of such obligations.

13.11 Governing Law: This License Agreement shall be governed by the substantive laws of the Commonwealth of Massachusetts, U.S.A., without regard to any conflict of law provisions. This License Agreement will not be governed by the United Nations Convention of Contracts for the International Sale of Goods, or by the Uniform Commercial Code, the application of which are expressly excluded. The parties agree that sole jurisdiction and venue for any dispute relating to this License Agreement shall be in the state courts of Massachusetts or the United States District Court for the District of Massachusetts.

13.12 Companies in Brazil: For Companies with a primary place of business located in Brazil, the Supplemental Terms set forth [here](#), shall apply.

13.13 Construction. If there is a conflict between any term of this License Agreement and any term of an Order Email, the term in the License Agreement will prevail with respect to such conflict. This License Agreement and any instrument referred to herein or executed and delivered in connection herewith, will not be construed against any party as the principal draftsman hereof or thereof. The section and paragraph headings used in this License Agreement are inserted for convenience only and will not affect the meaning or interpretation of this License Agreement. Unless otherwise expressly stated to the contrary herein, all remedies are cumulative, and the exercise of any express remedy by either party herein does not by itself waive such party's right to exercise its other rights and remedies available at law or in equity.

13.14 No Third Party Beneficiaries. The parties hereto expressly agree that there are no third party beneficiaries of this License Agreement.

13.15 Hyperlinks: Superna uses hyperlinks in sections of this License Agreement for the sole purpose of providing you with additional information about the subject matter of such sections. The information referenced in any hyperlink is provided for informational purposes only and is not made a part of this License Agreement or incorporated in this License Agreement by reference unless specifically set forth herein.

13.16 Entire Agreement. This License Agreement (and Exhibits hereto) contains the entire agreement of the parties with respect to the

subject matter of this License Agreement and supersedes all previous communications, representations, understandings and agreements, either oral or written, between the parties with respect to such subject matter. No terms, provisions or conditions of any purchase order, acknowledgement or other business form that Company may use in connection with the transactions contemplated by this License Agreement will have any effect on the rights, duties or obligations of the parties under, or otherwise modify, this License Agreement, regardless of any failure of Superna to object to such terms, provisions or conditions. Except as otherwise set forth herein, this License Agreement may not be amended, except by a writing signed by both parties.

13.17 Translation: This License Agreement has been prepared, and shall be interpreted, in the English language. Any translation of this License Agreement into any other language is solely for the convenience of Company. In the event of an inconsistency between clauses of this English version and any translation into another language, the English language clause shall prevail.

13.18 Terms Subject to Change: You acknowledge and agree that Superna may change the terms and conditions of this License Agreement from time to time upon reasonable notice to the email address you provided in the Registration Information or through a Product Notification. If you do not agree to any changes in this License Agreement, your only remedy is to cease using the Licensed Program. Your continued use of any part of the Licensed Program or Services after Superna has provided you with reasonable notice of

However, the parties acknowledge and agree that any failure to meet Resolution Time Targets will not constitute a failure of Superna to perform a material provision of this License Agreement.

Table B:

Error Severity	Support Site Priority	Resolution Time Targets
Critical	High	<p>70% = root cause identified within 2 business days</p> <p>30% = root cause identified within 5 business days</p> <p>Resolution and deployment of a solution within 5 business days of identification of root cause</p>
Major	Normal	<p>80% = root cause identified within 4 business days</p> <p>20% = root cause identified within 10 business days</p> <p>Resolution and deployment of a solution within 10 business days of identification of root cause</p>
